

316 Stainless Steel Sheets & Plates

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. 316 grades contain a higher level of Nickel than 304 giving it an improved corrosion resistance over 304 grades. **316/316L sheet** possesses excellent mechanical properties at sub-zero temperatures and good corrosion resistance making it a great choice for marine applications. The main types of SS 316 sheets are perforated sheets, Chequered plate, Coils, Foils, Flats and Shim sheet.

Stainless steel 316 Plate in all common thickness in cut to size so our customers save money and don't pay for wastage. If you are looking for SS 316 Plate or strips for acidic or high temperature application so you should check the documents like MTR, Invoice, proof of origin, Batch no and other test reports.
