

## Carbon Steel ASTM A694 Flanges

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. **ASTM A694 Flanges** contains different types like ASTM A694 slip on flange, ASTM A694 blind flange, ASTM A694 orifice flange, ASTM A694 socket weld flange, ASTM A694 long weld neck flange, **ASTM A694 Threaded Flange**, etc. Astm a694 material is of carbon and alloy steel flange for high pressure liquid transmission. Its material grades are F42, F46, F50, F52, F56, F60, F65 and F70. A694 F70 Flanges can be used in applications like water, oil, and gases at temperatures between -30°C (-20°F) and +593°C (+1100°F). **A694 F42 Flanges** is manufactured by excellent quality which is highly durable and long lasting. They are commonly used in connecting several valves to heat exchangers in residential areas.

It what is **A694 F52 Flanges** provides high strength due to high carbon content yet are ductile and easy to form into different shapes as molybdenum retains its flexibility. **A694 F60 Flanges** are is useful in high pressure pipeline systems where they are used for transporting oil, gas, and petrochemical aggregates. It is widely used for the transmission services due to their high strength and high pressure bearing capacity. **A694 F65 Flanges** can be readily manufactured from bars, slabs, ingots or billets. They can be furnished in low alloy steel, alloy steel or carbon steel.

**Carbon Steel Flanges, Carbon Steel Blind Flanges Manufacturers, Carbon Steel Weld Neck Flanges Suppliers, Carbon Steel Slip On Flanges Exporters Carbon Steel High Hub Blind Flange Stockists.**

**Carbon Steel Orifice Flanges in India, Carbon Steel Pipe Flanges Manufacturers in India, Carbon Steel Reduced Flanges Suppliers in India, Carbon Steel Slip On Flanges Exporters in India, Carbon Steel Lap Joint Flanges Stockists in India.**
