

API 5L X70 Pipes

Chhajed Steel & Alloys are aggressively venturing into exporting of our products to various countries. The **API 5L X70 pipe** is especially used as long pipelines in the fore mentioned industries. A main reason why this API 5L Gr X70 Carbon Steel Pipe is considered for several applications is because these pipes tend to be rather inexpensive. Additionally, the use of the API 5L X70 PSL2 Welded Pipes can also be seen in either line Pipe or in Sour Service well lines because of their moderate resistance properties and good tensile strength.

The two digit number which follows the X in the API 5L Grade X70 Steel Pipe indicates the Minimum Yield Strength in thousand's psi for the pipe produced to this grade. At our factory, we produce the specified API 5L X70 pipes which not only covers seamless pipes but also welded steel line pipes. Both these **API 5L X70 Seamless and welded pipes** are available and could be produced in various ends.

API 5L X70 Pipes, API 5L X70 Welded Rectangular Pipes Manufacturers, API 5L X70 Seamless Pipe Suppliers, API 5L X70 Marine Exhaust Pipe Exporters API 5L X70 Polished Decorative Pipe Stockiest.

API 5L X70 Square Pipe in India, API 5L X70 Pipes Manufacturers in India, API 5L X70 Rectangular Pipe Suppliers in India, API 5L X70 Hydraulic Pipe Exporters in India, API 5L X70 ERW Pipes Stockiest in India
