

# ASTM A671 Carbon Steel Pipe

Chhajed Steel & Alloys are aggressively venturing into exporting of our products to various countries.

**Carbon Steel ASTM A671 EFW Straight Welded pipe** is designed to be used in those applications, where the temperature ranges between ambience to low temperatures. This carbon steel specified ASTM A671 Pipe has been fabricated from a plate that is of a pressure vessel quality. A reason why our clients prefer using this carbon based steel A671 Welded pipe is due to its low cost in comparison to other stainless steel grade. The low cost of the A671 Electric Fusion Welded Pipe is because it has only two elements as the primary alloyants i.e. – carbon and iron.

Apart from having a high tensile strength, this A671 Material is known to have a low thermal conductivity. We are one of the leading a671 pipe manufacturers, suppliers and exporter of these carbon specified pipes. At our factory, we conduct several tests such as tension test and transverse guided weld bend test, in order to check if these carbon steel pipes meet and conform to the mechanical properties of the ASTM a671 specification.

**ASTM A671 Carbon Steel Gr CC65 Pipes, ASTM A671 Carbon Steel Gr CC60 Welded Rectangular Pipes Manufacturers, ASTM A671 Carbon Steel Gr CC65 Seamless Pipe Suppliers, ASTM A671 Carbon Steel Gr CC60 Marine Exhaust Pipe Exporters, ASTM A671 Carbon Steel Gr CC65 Polished Decorative Pipe Stockists.**

**ASTM A671 Carbon Steel Gr CC65 Square Pipe in India, ASTM A671 Carbon Steel Gr CC60 Pipes Manufacturers in India, ASTM A671 Carbon Steel Gr CC65 Rectangular Pipe Suppliers in India, ASTM A671 Carbon Steel Gr CC60 Hydraulic Pipe Exporters in India, ASTM A671 Carbon Steel Gr CC65 ERW Pipes Stockists in India.**
