

Q195 Carbon Steel Pipe

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries.

Q195 Box Section steel pipes they could be welded at a lower temperature setting as well as welded at lower heat. Since the machining properties are good in **low carbon grade EN 10025 Q195 Steel Pipe**. Provide work not only at the edges but also on the surface of these Q195 Hollow Section steel pipe, as the **Q195 Pipe** is known to be a low carbon equivalent steel grade, these pipes possess good cold-forming properties. And if needed by buyers across several industries, the En 10025 Din 17100 Q195 RHS steel pipes could be supplied in a normalized condition or in a controlled rolling condition.

Grade Q195 EN 10025 CHS steel pipe stipulate that the material used in manufacture have been subject to a Longitudinal Charpy V-notch, this is when performed on the En 10025-2 Q195 RHS has an impact rate of about 27 Joules at a temperature of about 20 °C. The Q195 Steel Box Hollow Sections is a grade of pipe, where approximately around 275 N/mm² with minimum yield strength.

Q195 Carbon Steel Pipes, Q195 Carbon Steel Welded Rectangular Pipes Manufacturers, Q195 Carbon Steel Seamless Pipe Suppliers, Q195 Carbon Steel Marine Exhaust Pipe Exporters, Q195 Carbon Steel Polished Decorative Pipe Stockiest.

Q195 Carbon Steel Square Pipe in India, Q195 Carbon Steel Pipes Manufacturers in India, Q195 Carbon Steel Rectangular Pipe Suppliers in India, Q195 Carbon Steel Hydraulic Pipe Exporters in India, Q195 Carbon Steel ERW Pipes Stockiest in India

Chhaged Steel & Alloy Pvt Ltd.

Office No 7, 42/46, Mughbat Lane, Shantaram Chawl, Girgaum, Mumbai - 400 004.
