

# **EN 10083-2 C45 CS Pipes**

Chhajed Steel & Alloys are aggressively venturing into exporting of our products to various countries. **EN 10083-2 C45** is a Euro norm Standards Quenched and tempered steels. It is one such variant that delivers different piping requirements in different industries and has proven its worth through its substantial quality and ability to be used in multiple applications. It is easy to spot and distinguish as it has a dull appearance similar to a matte finish. It looks like a cast iron pot and is not shiny. Its composition is made of iron and carbon but it has more of carbon content and this higher carbon content gives it unique characteristics, which includes more malleability and durability. It also has a better heat distribution and lower melting point. All these features make it useful in a number of industries and has a number of commercial applications in different industrial sectors.

**EN 10083-2 C45E** has good mechanical property, good formability and excellent cutability performance, which is widely useful in various industries, such as bridge construction, architecture, marine craft, heavy machine and other structure parts. It is a structural steel grade which provides a good tensile and yield strength which is also used in bolt, nut and lever etc.

**EN 10083-2 C45 Carbon Steel Pipes, EN 10083-2 C45 Carbon Steel Welded Rectangular Pipes Manufacturers, EN 10083-2 C45 Carbon Steel Seamless Pipe Suppliers, EN 10083-2 C45 Carbon Steel Marine Exhaust Pipe Exporters EN 10083-2 C45 Carbon Steel Polished Decorative Pipe Stockists.**

**EN 10083-2 C45 Carbon Steel Square Pipe in India, EN 10083-2 C45 Carbon Steel Pipes Manufacturers in India, EN 10083-2 C45 Carbon Steel Rectangular Pipe Suppliers in India, EN 10083-2 C45 Carbon Steel Hydraulic Pipe Exporters in India, EN 10083-2 C45 Carbon Steel ERW Pipes Stockists in India**
