

Nickel Alloy Tubes

Chhaged Steel & Alloys are aggressively venturing into exporting of our products to various countries. We Chhaged Steel & Alloy Pvt Ltd are nickel alloy tubes manufacturers of nickel tube suppliers. We manufacture and supply nickel alloy tubing in various dimensions and specifications. Our motive is to provide a pleasurable solution to our customer by knowing demanded requirement for specific applications. **Nickel Alloy Seamless Tubes** does not have a welded seam. It is formed by combining nickel with other metals, such as titanium, copper, aluminum, iron, and chromium. It is manufactured through an extrusion process where nickel tube is drawn from a solid stainless steel billet and extruded into a hollow form. And it is further shaped through pilgering, a cold rolling process, or cold drawing.

High Nickel Alloy Tubes are widely used comparatively everywhere. It is used for reactors and engines, oil refinery, chemical refinery, petrochemical, and chemical processing industries. Along this it is useful in synthetic fibres, handling foods and alkalies etc. It has all essential features like high-temperature resistance, high electrical conductivity etc.

Nickel Alloy Tubes, Nickel Alloy Welded Rectangular Tubes Manufacturers, Nickel Alloy Seamless Tube Suppliers, Nickel Alloy Marine Exhaust Tube Exporters Nickel Alloy Polished Decorative Tube Stockist.

Nickel Alloy Square Tube in India, Nickel Alloy Tubes Manufacturers in India, Nickel Alloy Rectangular Tube Suppliers in India, Nickel Alloy Hydraulic Tube Exporters in India, Nickel Alloy ERW Tubes Stockist in India.
